Learning to Live Safely with COVID-19

For information about COVID-19 resources for people with disabilities, please visit: go.iu.edu/4pJY

The COVID-19 resources website features infographics, fact sheets, social stories, webinars, vaccination stories videos, and many more. It also includes materials in Spanish.

- Get your COVID-19 vaccines and boosters as recommended by your healthcare provider.
- Get tested and stay at home if you feel sick.
- Get health information from reliable sources.
- Talk to your healthcare provider if you have any questions or concerns about COVID-19 or vaccines.
- Wear NIOSH approved face masks, like N95, when you are in crowds and with strangers.
- Wash or sanitize your hands often.
