

## Things You Can Do After You Are Fully Vaccinated

You can do inside exercise classes and sports

### Swimming

### Yoga

### Dance class

### Basketball

### Bowling

**Getting the COVID-19 vaccine is safe, easy, and free!**

- » You can get the vaccine at many places. These places are community vaccination clinics, your local hospital, and pharmacies (CVS, Meijer, Kroger, Walgreens, and others).
- » Go to [ourshot.in.gov](https://ourshot.in.gov) or call 2-1-1 to make a vaccine appointment.
- » You are fully vaccinated two weeks after your final COVID-19 vaccine shot.
- » You do not need to use face masks or social distance if you are around other people who got the COVID-19 vaccine. You still need to use face masks when using public transportation, planes, trains, and cabs. You may be asked to still wear a mask in some places you shop or visit.
