Summer 2018 Indiana Benefits Information Network Trainings

Accurate, up-to-date information about work incentives and state and federal benefits is essential for Indiana Vocational Rehabilitation Services customers and their families. Benefits Information Network (BIN) liaisons are a cadre of Indiana-certified professionals, providing individuals, families, and disability service providers with expertise and the basis for better planning and support.

Indiana Vocational Rehabilitation Services encourages all Indiana agencies with a Purchase of Services Agreement and all Employment Networks to participate in the Benefits Information Network.

Should I Attend BIN Training?
Candidates for competency-based BIN training:
- are familiar with employment services,
- are adept at information gathering,
- are able to implement and track benefits information, and
- can provide support services to VR customers throughout the year.
