Be your own boss. Set your own schedule. Develop a personal relationship with your customers.

Sounds good, but what does that really mean? And how does that work for individuals who may be receiving state and federal supports? The “**ABCs of Self-Employment**” will help you answer those questions. You’ll hear success stories from Hoosiers with disabilities who are self-employed or who have started their own business.

Sponsored by the Indiana Governor’s Council for People with Disabilities, the ABCs of Self-Employment is **FREE**. After attending, if you are interested in learning more and want one-on-one support to pave your road to self-employment, you’ll have the opportunity to enroll in a two-day, in-depth “Road to Self-Employment” workshop, scheduled for later in the year. This workshop, presented by experts, is interactive, intensive and is specifically designed for people with disabilities. You’ll learn about business plans, marketing, benefits, funding, financing, and more.

Registration information on page 2.
