Outcome: Targets for all child outcomes will be met

So that: those children have increased opportunities to fully participate in family and peer activities.

Strategy update from last quarter:
- The new process for data collection was implemented on 9/1/14.
- The UTS/IIDC online training on child outcomes and the scoring tool/new process was conducted on 8/22/14 and is available on the UTS website.

Explanation of Data:

<table>
<thead>
<tr>
<th></th>
<th>July 13-March 2013:</th>
</tr>
</thead>
<tbody>
<tr>
<td>A1</td>
<td>46.1% (below 53% target; 4% increase from last Q)</td>
</tr>
<tr>
<td>A2</td>
<td>44.1% (below 51% target; 2% increase from last Q)</td>
</tr>
<tr>
<td>B1</td>
<td>55.8% (below 58% target, 4% increase from last Q)</td>
</tr>
<tr>
<td>B2</td>
<td>66.0% (below 70% target; 1% increase from last Q)</td>
</tr>
<tr>
<td>C1</td>
<td>52.8% (below 55% target; 4% increase from last Q)</td>
</tr>
<tr>
<td>C2</td>
<td>66.9% (achieved 63% target; no change from last Q)</td>
</tr>
</tbody>
</table>

We are still below targets for all outcomes except C2. Progress, demonstrated by increases of between 1-4%, was made in each outcome for which the target has not been met.

Strategies (Who is responsible/timeline/evaluation):
If we hypothesize that the data lack validity due to the inconsistency in scoring, then we need a consistent process for determining exit scores:
- The new process for determining exit scores was implemented on 9/1/14
- The SPOE director and agency leaders will discuss the new process to ensure issues are identified and corrected during quarterly LPCC meetings

Evaluation
- Exit summary forms will be completed and submitted by the ongoing providers
- Cluster staff and stakeholders will continue to review data quarterly to assess progress and determine additional strategies as needed.

List barriers to accomplishing strategies and how to address them:
- **Ongoing training:** Agencies may need support from the State/SPOE to ensure consistency. This will be a standing agenda item for quarterly LPCC Provider Agency meetings.
- **Compliance monitoring:** SPOE staff will need to ensure compliance with the process and timeline. SPOE managers have developed a tracking system that will facilitate timely communication with agency leaders if exit summaries are not received on time.
- **Quality assurance:** ED team providers will notify the SPOE director if there appear to be issues with the exit summaries they are scoring and the SPOE director will follow up with agency leaders as needed.
