Clean Hands

It is very important to have clean hands.

When my nose is runny I will try to use a tissue.

Using a tissue will keep the germs off my hands.

There are lots of germs on my hands and germs can make people sick. This makes them sad.
Clean Hands

When I put my fingers in my mouth they get lots of germs on them.

This might make people sick too.

When I eat food my hands get germs on them.

Before and after I eat I will try to wash my hands.
Clean Hands

My hands will be clean with NO germs.

This will make people happy.
