Halloween Party

This week, my class will be celebrating Halloween.

My class is going to have a Halloween party at school.

A Halloween party is a change in schedule, but we will have fun!

We will have candy and treats at the party. I will be able to choose from the candy and treats.

My class may get a little noisy, but it is okay. If it is too loud, I can ask for earplugs. I can ask to go for a walk with an adult.

We will play games and do fun Halloween activities. Some adults may visit the room during the party to help us play games and do activities. The adults are here to help the teacher too. We should do our best to listen to the adults and the teacher at the party. Halloween parties can be a lot of fun!
