Holiday Party

It is the holiday season.
There are usually parties and celebrations for the holidays.
Some people celebrate at home and at school.

Our class is going to have a party.
This will be a change in schedule, but it is okay.

We will play games. We will have snacks at the party.
We will have fun!

Our class may get a little noisy, but it is okay.
If it is too loud, I can ask for earplugs.
I can ask to go for a walk with an adult.

We will do fun holiday activities.
Some adults may visit the room during the party to help us
play games and do activities. The adults are here
to help the teacher too. We should do our best to listen to
the adults and the teacher at the party.
Holiday parties can be a lot of fun!
