I Can Ride the School Bus

Sometimes, I will ride a bus to and from school!
A bus is like a big yellow car.

I remember to wait for the bus with other students and wait until the
bus stops before I try to get on the bus.
I try to remember to listen to adults and follow directions.

I can look out the windows and see people, houses, and trees as I
ride to school. Sometimes, I can see other cars too.

When I am on the bus, I put on my seat belt and stay in my seat until
I get to the school. I will keep my backpack with me.

The bus will pick me up at my house and will take me to school.

When the bus gets to my school, I should stay in my seat until the
bus stops and the door opens. The bus driver will tell me it is okay to
get off of the bus. A teacher or assistant will greet me at the door.

When school is over, my bus will pick me up and take me home.

My bus number is: ____________
My bus driver’s name is: ____________
