Labor Day

Most of the time I go to school during the week. I go to school on Mondays, Tuesdays, Wednesdays, Thursdays, and Fridays. Those days are called weekdays. I don’t usually go to school on Saturdays or Sundays. Those days are called weekends. I do not go to school on weekends unless there is a special event.

Sometimes I do not have school when there is a holiday or vacation day. I do not have school on Labor Day, which is a Monday. Labor Day is a holiday from school and work. People like to play and have fun on Labor Day.

I can look at my calendar or ask my teacher or parent if I don’t know if I have school. I will go back to school on Tuesday.
