

Lockers

Every student is assigned a locker in which school materials, books, and coats are to be kept.

Each child will get a locker #. Your locker number will be at the top of the locker. It will be on a silver plate and have 4 numbers.

Your lock will look like this:

To open your locker you must know your locker combination. Your combination will be 3 numbers long. You and your teacher are the only 2 people at school that know your code.

Keep it a secret—don't tell anyone but your parents.

Steps on how to open my locker:

1. Memorize your locker number and locker combination
2. Locate your locker
3. Turn right to the first number
4. Turn left one complete turn to the 2nd number
5. Turn right to 3rd number
6. Pull up all on black handle
7. Pull door toward you

Ask your mom and dad to bring you in before school starts to practice using your lock.

Your locker # is: _____ Your locker combination is: _____
