The School Bus

Sometimes, I will ride a bus to and from school. Riding the bus can be fun. I can look out the windows and see people, houses, and trees. Sometimes, I can see other cars too.

The bus will pick me up at my house and will take me home after school.

I should hold an adult’s hand when I am waiting for the bus and wait until the bus stops before I try to get on the bus.

When I am on the bus, it is good to find a seat and to stay in my seat until I get to the school. I will keep my school bag with me.

When the bus gets to my school, I should stay in my seat until the bus stops and the door opens. I can then get off of the bus and go to my classroom.

When school is over for the day, my bus will pick me up and take me home.

My bus number is:

My bus driver’s name is:
